

MAA Approved Organizations

UK Military Aviation Authority Approved Organizations

This document lists all Approved Organizations that are part of:
Air Traffic Management Equipment Approved Organization Scheme,
Contrator Flying Approved Organization Scheme,
Design Approved Organization Scheme,
Maintenance Approved Organization Scheme

Name	Full Name	Locations	Scope	Cert Latest No	Sched Latest No	Scheme	All Platforms
UK.MAA.AAOS.0013	Aquila Air Traffic Management Services Ltd	Fareham	Aquila is the service provider for Marshall which is divided into three areas: Marshall Technical Services, Marshall Air traffic control service and Temporary Technical Services.	0	4	AAOS	No Aircraft
UK.MAA.AAOS.0002	Babcock Aerospace Limited	Bournemouth	1st and 2nd line depth A and B ATM equipment maintenance carried out by Babcock personnel at BUAS Colerne, RAF Wittering and RAF Woodvale.	0	2	AAOS	No Aircraft
UK.MAA.AAOS.0003	BAES Maritime Services (Product and Training Services)	Cowes	BAE Systems, Maritime Services – P&TS are requesting approval for their Radar product families that include: 2D Land Based Radars, including Watchman Air Traffic Control Radar 3D Land Based Radars, including T101 & T102 Air Defence Radars 2D Naval Radars, including RT994 Surveillance Radar 3D Naval Radars, including Sampson Multi-Function Radar, S1850M Long Range Radar, ARTISAN Medium Range Radar Type 997 Advanced Digital Tracker (ADT)	0	0	AAOS	No Aircraft
UK.MAA.AAOS.0006	IBM UK Ltd (UK MOD Account)	Farnborough	UKASACS Command and Control System (UCCS) at CRC's Boulmer and Scampton. Flight Plan Dissemination System (FPDS).	0	0	AAOS	No Aircraft
UK.MAA.AAOS.0007	Kevin Hughes Ltd	Enfield	Falkland Islands Air Defence Ground Environment (FIADGE). Provision of Sharpeye and Type 1007 Maritime radars.	0	0	AAOS	No Aircraft
UK.MAA.AAOS.0005	Lockheed Martin UK Integrated Systems	Havant	Replacement of existing I-Band Type 1007 and Type 1009 and the E/F Band 1008 Navigation Radars on the following RN and RFA Vessels:- Type 23 Landing Platform Dock RFA Fort Class RFA Fort Victoria Auxiliary Oiler RFA Wave Class RFA Bay Class			AAOS	No Aircraft
UK.MAA.AAOS.0010	NATS Services Limited	Fareham	NATS Services Ltd contributes to Project MARSHALL through site surveys, design, integration and maintenance of surveillance, communication and simulator equipment.	0	0	AAOS	No Aircraft
UK.MAA.AAOS.0016	Petards Joyce Loebl Ltd	Gateshead				AAOS	No Aircraft

MAA Approved Organizations

Name	Full Name	Locations	Scope	Cert Latest No	Sched Latest No	Scheme	All Platforms
UK.MAA.AAOS.0011	QinetiQ Ltd	Farnborough	First and second line maintenance services of ATM equipment's at MOD Boscombe Down and QinetiQ's Aberporth, Hebrides and West Freugh Ranges.	1	1	AAOS	No Aircraft
UK.MAA.AAOS.0012	Serco Defence Ltd	Hook	Serco have been contracted by the Welsh Government to provide a range of aerodrome support services at St Athan airfield. The contract was awarded on the 1st April 2014 for a period of 3 years, with possible extension periods to align with future aspirations for the transfer to a full civil operation by 2020. The ATM equipment is currently supported by the MoD but is not in scope for project Marshall and is owned by the Welsh Government.	1	1	AAOS	No Aircraft

UK.MAA.DAOS.0040	QinetiQ Ltd	MOD Boscombe Down	Design and ground and flight test of 'special modifications', including the necessary associated modification of aircraft structure and systems, for installation in unmanned air vehicles, for the purpose of conversion or enabling research and development flight test. Design of instrumentation and special equipment as 'Temporary Modifications', required to support ground or flight test activities, for installation in fixed and rotary wing aircraft and unmanned air vehicles. Design, Development and Certification of modifications for incorporation within a Service Modification for in-service use which is subsequently approved by the appropriate Project Team. Design, development and flight test of unmanned air vehicle systems up to a mass limit of 150kg. When conducted as part of the Aircraft Test and Evaluation Centre (ATEC) under the arrangements detailed in both the Air Operations Plan Version 8 and AWC Boscombe Down Administrative Procedures Ref AWC/250 dated 1 Aug 11, this certification covers: test and evaluation work and design of special modifications as follows: Ground and flight test of fixed and rotary wing aircraft and unmanned air vehicles for the purposes of quantitative and qualitative assessment of the air vehicles and their associated systems. Ground and flight test of air-launched weapons, airborne forces equipment and parachutes and equipment intended for UK military use. Design and ground and flight test of 'special modifications', including the necessary associated modification of aircraft structure and systems, for installation in fixed and rotary wing aircraft, for the purpose of conversion or enabling research and development flight test and test pilot training.	1	1	DAOS	A400MAphajetAirseeke rApacheAvengerBae 146BansheeC- 17ChinookDA42 Twin StarGazelle;tru
